Street Cleaning Schedule for Bryanston Square

Your street is cleaned on:

| Location | Service Description | Week Days | Weekend Days |
|------------------------------|---------------------|-----------|--------------|
| Bryanston Square (East Side) | Street sweeping | Mon – Fri | |
| Bryanston Square (West side) | Street sweeping | Mon – Fri | |

To keep the city clean and moving we set the rules about when to present your waste and recyclables. Where waste/recycling is presented for collection on the highway the following applies:

Streets in the centre of Westminster and all our shopping streets are bags off streets areas 'BOS'. These streets have lots of pedestrians or narrow pavements, so we want to keep rubbish and recycling bags off the street for as long as possible. The scheme applies to all waste and recycling timebands in a street.

Please present your waste for collection in clear view at the edge of your property. If this isn't possible you can present the waste on the pavement 30 minutes before the collection time begins. Bags placed out after the start of your collection period may not be collected.

Details of requirements under Section 47 (Environmental protection Act (1990) that support the Bags off Street scheme can be found [here](#)
